

## VIDEO EDITOR – TV COMMERCIALS

Automotive advertising agency with in-house post production department is seeking full-time spot editor to join a talented team of editors, designers, and 3D artists who produce and deliver between 80 and 100 spots every month. This is an extremely fast-paced, deadline-oriented environment.

### **Candidate must have:**

- Must have some automotive production experience
- At least five years' experience with FCP (version 7x) and AE (CS 4 through CS 6)
- Aptitude for design, layout, color correction, and VFX
- Ability to excel in an unsupervised environment and meet deadlines
- Strong organizational skills throughout the editorial process
- Expertise in green screen/chroma keying
- Understanding of shared area network storage environment (Apple X-SAN)
- Ability to prep and deliver OMF and AFF for audio post
- Knowledge of XML import from FCP to AE
- Command of SD and HD formats and digital spot delivery methods (DG Systems, Fast Channel), encoding, transcoding and ingesting (including XD-Cam and P2)
- Must be willing to relocate to Birmingham, Alabama

We provide a fun, creative work environment, excellent benefits, top-of-the-line 16 core G5s with 64GB ram and SSDs, comfortable/ergonomic Herman Miller chairs, and your choice of mouse, trackpad, trackball, or Wacom tablet.

Pay commensurate with experience and skill level.
